

The Odyssey 5 Compact & Odyssey 5E Compact are designed for installations requiring the very best in discreet alarm sounding technology. Appropriate for both external and internal installations, the product perfectly complements modern architectural environments.

Aimed at residential installations the Premier Odyssey 5E Compact has a single piezo sounder producing 109dB volume and an adjustable wall & lid tamper switch. The fully enclosed electronics module is protected to IP44 standard.

| SIREN

Key Features

Orion Network-compatible
Patented Engineer Hold-off Mode
IP65 Sealed electronics module

Technical Specifications

- ▶ Twin Piezo Sounders Producing 115dB(A)
- ▶ IP65 Sealed Electronics Module
- ▶ Lid & Wall Tamper Detection
- ▶ Patented Engineer Hold-Off Mode
- ▶ Range of Colours Available
- ▶ Battery Monitoring with Fault Output
- ▶ PD6662:2010 Grade 3 Class IV
- ▶ EN50131-1, EN50131-4 Grade 3 Class IV
